Mr. Representative of the International Organization for Migrants (IOM)

Made in Bujumbura, on 09/10/2023.

Subject: application for the position of Data & Reporting Officer

Sir,

Holder of a master's degree in Computer Methods Applied to Business Management (MIAGE), I am keenly interested in a Data & Reporting Officer position, which perfectly matches my interests.

First, I would like to tell you that my profile fully corresponds to the qualities expected to be a Data & Reporting Officer. Indeed, in addition to my knowledge, I can rely on my sense of responsibility and my rigor. I am also an open person with good interpersonal skills and a real desire to progress. I think these are important values to achieve the level of performance set by your organization.

Furthermore, as indicated in my curriculum vitae attached to this letter, my professional career has allowed me to consolidate the skills necessary for the position of administrative and financial assistant. Faced with the hazards and demands of this profession, I have always been able to respond to them in complete autonomy.

Joining your organization represents a challenge for me for my future and I sincerely hope that my profile will attract your full attention. I am at your disposal for any additional questions and I am available for a future interview.

Please accept, Mr. Representative, the expression of my respectful greetings.

The person concerned
